DDCI CHRONO

3 May 1984

General Thomas M. Ryan, Jr., USAF
Commander in Chief
Headquarters, Military Airlift Command
Scott Air Force Base, Illinois 62225

General Ryan:

I'm pleased to advise you that we have identified an officer to serve as a full-time intelligence representative at MAC [redacted]

25X1
25X1

[redacted] is a GS-14 who holds baccalaureate and masters degrees in economics, respectively, from the University of Notre Dame and American University. He joined CIA in 1965 and immediately began what became his career specialization in international military trade. He initially worked in our Office of Economic Research; more recently his expertise in this field has been applied in our Office of Global Issues. [redacted] study of the military and his extensive work on arms trade have given him a good understanding of the CIA's make-up and the workings of military organizations, both of which should make him very useful to your command. He is eager for this assignment, and we believe he will do a good job for us and for you. We will be happy to detail [redacted] to your command on a nonreimbursable basis for a two-year period beginning in August 1984.

Let me say again how grateful we are for MAC's support and that we look forward to continuing our close relationship with MAC.

Sincerely,

John N. McMahon
Deputy Director of Central Intelligence
